Sandeep Singh, MD
Cardiovascular Surgery
Texas Heart Institute
Houston, TX 77030

Dear Doctor Singh:

On behalf of the Executive Council of the Denton A. Cooley Cardiovascular Surgical Society and the Texas Heart Institute, we are pleased to announce your selection as recipient of the Outstanding CV Surgery Fellow for 1998-99. As you may know, this recognition is awarded annually to the Cardiovascular Surgery Fellow at the Texas Heart Institute who distinguishes himself among his peers, both clinically and professionally. The selection is affirmed by Cardiovascular Surgery staff members and residents.

Founded in 1972, the DACCVS Society established this award as part of its educational program. The first honoree was named in 1981. You are awarded a check for \$2000 and two weeks of education leave to visit in the US the medical/surgical centers of your choice.

Please speak with Dena Houchin to discuss your travel. She will facilitate letters of introduction to the respective service chiefs at the centers you select and coordinate approval for your time off to travel.

You have our sincere congratulations and best wishes.

Yours truly,

O. H. Frazier, MD
